

Module	Cultural Awareness & Teambuilding
Language of instruction	English
Semester	International Semester Spring and Fall
ECTS-Credits	-
Contact hours	8 hrs
Lecturers	Dr. Marisa Pfister
Methodology	Workshop
Prerequisites	English Language B1
Objectives	In this course participants are becoming familiar with issues and knowledge about „Groups vs Teams?“ Additionally participants are learning which aspects in this respect are involved with international, intercultural or multinational groups and teams.
Content	The learning outcome will include various exercises and critical incidents as well as theoretical input and concepts covering groups vs teams, cultural diverse teams, cultural Dimensions in Teams and Group Dynamics. In a second part of the workshop participants are learning about skills and methods working in (intercultural & international) teams. The learning outcome is including learning and reflection about team development stages, feedback processes in teams, team roles, team conflicts in intercultural teams and effective communication in teams.
